SU Australia and Generate are committed to the safety and holistic well-being of all children and young people involved in our events. To ensure that children and young people are kept safe from harm, our staff and volunteers are required to possess a current Working With Children Check; agree to adhere to a Code of Conduct when working with children; and undergo training in child safety. SU Australia and Generate take child protection and safety seriously and consequently have policies and procedures in place to ensure that your child has the best possible experience with us.
