what does a school chaplain do?

School chaplains in Australia provide social, emotional, and pastoral support to school communities. They contribute to the overall wellbeing strategies and educational goals of our local schools.

School chaplains are in the prevention and support business: helping students find a better way to deal with issues ranging from family breakdown and loneliness to friendships and mental health.

How much time do chaplains spend on each of their key accountabilities?

what impact do school chaplains have?

"When I miss my parents or I'm having a bad day, I will go and see [our school chaplain] ... because it helps me when I'm feeling down or sad. After my time, I feel really happy and I'm ready to learn again."

Owen, Student (aged 10)
with School Chaplain Rob

"Having a school chaplain ... has been instrumental in enhancing the overall wellbeing of our students. Carla offers a safe and non-judgemental space where students can freely express their emotions and concerns. She organises activities, events, and groups that promote inclusivity, connection and a positive school environment."

Nic Williams, Principal

What's the difference between an informal and formal conversation?

A formal conversation requires resolution, referral or follow-up.

An informal conversation, though significant, requires no further action.

With permission from the school principal, chaplains may refer families and individuals to relevant internal and external agencies for additional support.

what is the impact of chaplaincy on school wellbeing?

The Nest is Australia's wellbeing framework for children and young people aged 0 to 24 years. It's a way of thinking about the whole child in the context of their daily lives, viewing wellbeing in a way that brings together the different elements a child or young person needs to thrive. The Nest conceptualises wellbeing as interconnected domains that support each other to help children reach their potential.

Below are the percentages of school chaplains who report substantive impact in each of these key domains.

what types of programs do chaplains run in schools?

Chaplains make a significant contribution to the wellbeing of school communities through the facilitation of social, emotional, and holistic wellbeing programs, such as Rock and Water, Rhythm 2 Recovery, and Seasons for Growth. These programs involve daily, weekly, or monthly sessions in response to the needs of the school.

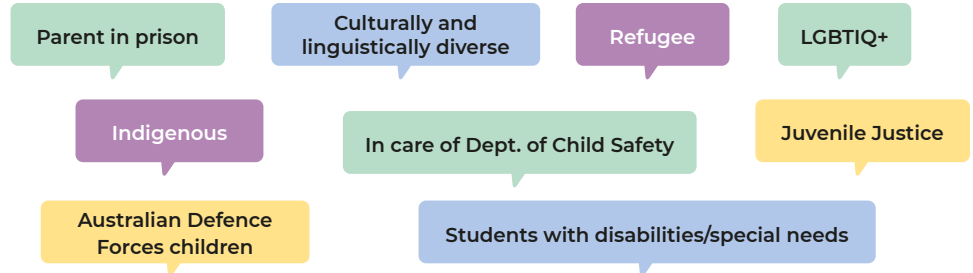

How many programs do chaplains run in an average school term?

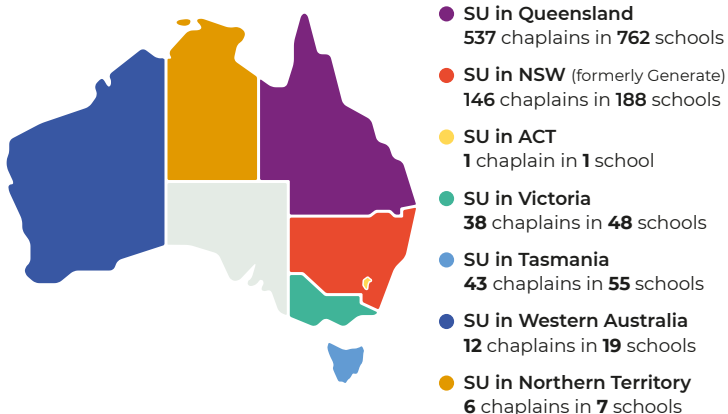

how do school chaplains support those at-risk?

School chaplains are available to everyone, but they are particularly invested in supporting individuals and groups who may be considered at-risk. Through early intervention activities and pastoral support, school chaplains increase the chances of these young people experiencing better life outcomes.
